

I'm hungry and thirsty. I find a river and drink.  
In the afternoon, I swim to the ship.

Inside, I find bread, cheese and meat. I also find  
a saw\* and an axe\*. I take guns\* and I rescue  
a parrot\*, a dog and two cats. I take all this back  
to the island.

Then, I start making a fortress. It takes a long time.  
Finally, I put all my provisions in my new home.
